NOTE: If you are going to apply for this funding opportunity and have not obtained a Data Universal Numbering System (DUNS) number and/or are not currently registered in the System for Award Management (SAM), please take immediate action to obtain a DUNS Number, if applicable, and then to register immediately in SAM. It may take 4 weeks or more after you submit your SAM registration before your registration is active in SAM, then an additional 24 hours for Grants.gov to recognize your information. Information on obtaining a DUNS number and registering in SAM is available from Grants.gov at: http://www.grants.gov/web/grants/register.html Detailed information regarding DUNS and SAM is also provided in Section D of this NOFO, subsection, Content and Form of Application Submission.

A. Program Description

Issued By
U.S. Department of Homeland Security (DHS)
Federal Emergency Management Agency,
Federal Insurance and Mitigation Administration,
Risk Reduction Division

Catalog of Federal Domestic Assistance (CFDA) Number
97.029

CFDA Title
Flood Mitigation Assistance

Notice of Funding Opportunity Title
FY 2016 Flood Mitigation Assistance

NOFO Number
DHS-16-MT-029-000-99

Authorizing Authority for Program

Appropriation Authority for Program

Program Type
Continuation
Program Overview, Objectives, and Priorities
The Flood Mitigation Assistance (FMA) Program makes available Federal funds to State, Local and Tribal Governments to reduce or eliminate the risk of repetitive flood damage to buildings and structures insured under the National Flood Insurance Program (NFIP). This program addresses one of the five missions of DHS, as specified in the Quadrennial Homeland Security Review: Strengthen National Preparedness and Resilience as well as the national preparedness goal of mitigation, as specified in the Presidential Policy Directive (PPD-8).

Allowable activities in support of FMA program objectives include:
- Flood hazard mitigation planning consistent with 44 CFR Part 201
- Cost-effective and sustainable hazard mitigation projects that conform with FEMA-approved State/Tribal/local mitigation plans:
  - Property Acquisition and Structure Demolition or Relocation
  - Structure Elevation
  - Mitigation Reconstruction
  - Dry Flood-Proofing
  - Non-structural Retrofitting of Existing Buildings
  - Infrastructure Retrofit
  - Minor Localized Flood Reduction
- Applicant and Subapplicant Management Costs for administering and managing grant and subgrant activities
- Technical Assistance (for Applicants who were awarded FMA grant awards totaling at least $1,000,000 Federal share in FY 2015)

The agency’s priorities for funding FMA subapplications are outlined below. These are the factors to be considered in the evaluation of applications after eligibility is determined as specified in Section E of this NOFO under Application Evaluation Criteria.

- Planning subapplications up to $100,000 Federal share per Applicant with a maximum of $50,000 Federal share for State mitigation plan updates and $25,000 Federal share for local mitigation plans
- Technical Assistance subapplications up to $50,000 Federal share for Applicants who received FMA grant awards totaling at least $1 million Federal share in FY 2015
- Project subapplications on a competitive basis as follows:
  1. Projects that will mitigate flood damage to at least 50 percent of structures included in the subapplication that meet definition part (b)(ii) of a Severe Repetitive Loss (SRL) property: At least two separate NFIP claim payments have been made with the cumulative amount of such claims exceeding the market value of the insured structure
  2. Projects that will mitigate flood damage to at least 50 percent of structures included in the subapplication that meet the definition of a
Repetitive Loss (RL) property: Have incurred flood-related damage on two occasions, in which the cost of the repair, on the average, equaled or exceeded 25% of the market value of the structure at the time of each such flood event

3. Projects that will mitigate flood damage to at least 50 percent of structures included in the subapplication that meet definition part (b)(i) of a SRL property: four or more separate NFIP claims payments have been made with the amount of each claim exceeding $5,000, and with the cumulative amount of claims payments exceeding $20,000

4. Projects that will mitigate flood damage for the largest number of NFIP-insured properties at the neighborhood level

For project subapplications in priority categories 1 through 3 above, FEMA will prioritize projects as follows:
- The highest percentage of structures included in the subapplication that meet the definition from 100 to 50 percent;
- The largest number of structures included in the subapplication that meet the definition; and
- FEMA-validated Benefit-Cost Ratio (BCR).

For project subapplications in priority category 4, FEMA will further prioritize as needed by the highest FEMA-validated BCR.

B. Federal Award Information

Award Amounts, Important Dates, and Extensions

Available Funding for the NOFO: $199,000,000

Projected number of Awards: 200

Period of Performance: 41 Months

The Period of Performance begins with the opening of the application period and ends no later than 36 months from the Funding Selection Date (see section D of this NOFO under Application and Submission Information).

An extension to the Period of Performance for this program is allowed. For details on the requirements for requesting an extension to the Period of Performance, please refer to Section H, Additional Information under Extensions.

Projected Period of Performance Start Date: 03/15/2016

Projected Period of Performance End Date: 08/30/2019

Funding Instrument
Grant
C. **Eligibility Information**

**Eligible Applicants**

- States
- District of Columbia
- U.S. Territories
- Federally-recognized Native American Tribal governments

Each State, Territory, Commonwealth, or Native American Tribal government shall designate one agency to serve as the Applicant.

Local governments, including cities, townships, counties, special district governments, and Native American tribal organizations are considered Subapplicants and must submit subapplications for mitigation planning and projects to their State/Territory Applicant agency. Contact information for the State Hazard Mitigation Officers (SHMOs) is provided on the FEMA website: [http://www.fema.gov/state-hazard-mitigation-officers](http://www.fema.gov/state-hazard-mitigation-officers).

**Eligibility Criteria**

To be considered for funding, all Applicants must submit their FMA grant application to FEMA via the Mitigation eGrants system (see section D, Application and Submission Information).

All Subapplicants must be participating in the NFIP, and not be withdrawn or suspended, to be eligible to apply for FMA grant funds. Certain political subdivisions (i.e., regional flood control districts or county governments) may apply and act as Subapplicants if they are part of a community that is participating in the NFIP where the political subdivision provides zoning and building code enforcement or planning and community development professional services for that community.

Properties included in projects submitted for FMA funding must be NFIP-insured, and flood insurance must be maintained through completion of the mitigation activity and for the life of the structure.

All Applicants and Subapplicants submitting subapplications for mitigation projects must have a FEMA approved Mitigation Plan by the application deadline in accordance with Title 44 CFR Part 201. There is no mitigation plan requirement to submit a subapplication for mitigation planning. More detailed information is provided in Part III, E.5, Hazard Mitigation Plan Requirement, of the Hazard Mitigation Assistance (HMA) Guidance available on internet at: [http://www.fema.gov/media-library/assets/documents/103279](http://www.fema.gov/media-library/assets/documents/103279).

**Other Eligibility Criteria**

Each State, Territory, Commonwealth, or Native American Tribal government Applicant’s designated agency may submit only one FMA grant application to
FEMA. Applicants must rank their subgrant applications in the Mitigation eGrants system.

**Cost Share or Match**

Cost share is required under this program. Recipients must provide a cost share of 25 percent of eligible activity costs from non-Federal sources with FEMA contributing up to a 75 percent Federal cost share.

The non-Federal cost share contribution is calculated based on the total cost of the proposed activity. For example, if the total cost is $400,000 and the non-Federal cost share is 25 percent, then the non-Federal contribution is $100,000: 25 percent of $400,000 is $100,000.

FEMA may contribute up to 100 percent Federal cost share for SRL properties. FEMA may contribute up to 90 percent Federal cost share for RL properties.

A SRL property is a structure that:

(a) Is covered under a contract for flood insurance made available under the NFIP; and

(b) Has incurred flood related damage

   i. For which 4 or more separate claims payments (includes building and contents) have been made under flood insurance coverage with the amount of each such claim exceeding $5,000, and with the cumulative amount of such claims payments exceeding $20,000, or

   ii. For which at least 2 separate claims payments (includes only building) have been made under such coverage, with the cumulative amount of such claims exceeding the market value of the insured structure.

A RL property is a structure covered by a contract for flood insurance made available under the NFIP that:

(a) Has incurred flood-related damage on 2 occasions, in which the cost of the repair, on the average, equaled or exceeded 25 percent of the market value of the structure at the time of each such flood event; and

(b) At the time of the second incidence of flood-related damage, the contract for flood insurance contains increased cost of compliance coverage.

To receive an increased Federal cost share, properties must meet one of the definitions for SLR or RL properties. Applicants and subapplicants that are requesting an increased Federal cost share must submit documentation with their application or subapplication demonstrating that properties meet these definitions. If documentation is not submitted with the application or subapplication to support a reduced non-Federal cost share, FEMA will provide no more than 75
percent Federal share of the total eligible costs. The remaining 25 percent of
eligible activity costs are derived from non-Federal sources.

Structures with different federal cost share requirements can be submitted in a
single project subapplication. The overall project federal cost share documented
in the Cost Share section of the project subgrant application in eGrants should
reflect the combined federal cost shares of the structures. For example, a project
with $100,000 costs for one SRL structure funded at 100 percent federal share
plus $100,000 costs for one RL structure funded at 90 percent federal share will
have an overall project federal cost share of 95 percent, or $190,000, of the
$200,000 total cost for both structures.

For insular areas, including American Samoa, Guam, the Northern Mariana
Islands, Puerto Rico, and the U.S. Virgin Islands, FEMA automatically waives the
non-Federal cost share when the non-Federal cost share for the entire grant is
under $200,000. If the non-Federal cost share for the entire grant is $200,000 or
greater, FEMA may waive all or part of the cost share. If FEMA does not waive
the cost share, the insular area must pay the entire non-Federal cost-share amount,
not only the amount over $200,000.

More detailed information is provided in Part III, C, and Cost Sharing, of the

D. Application and Submission Information

Key Dates and Times

**Date Posted to Grants.gov:** 02/10/2016

**Application Start Date:** 03/15/2016

**Application Submission Deadline:** 06/15/2016 at 03:00:00 PM [Eastern Time]

**Anticipated Funding Selection Date:** 08/30/2016

**Anticipated Award Date:** 09/30/2016

Address to Request Application Package

All FMA grant applications must be submitted electronically via the Mitigation eGrants system through the FEMA Grants Portal on the internet at https://portal.fema.gov (see subsection Authorized Organizational Representative below). Blank copies of applications that conform to the Mitigation eGrants system format are available for reference only in the Mitigation eGrants system. To access these, registered eGrants system users should login to the FEMA portal at https://portal.fema.gov and then click the “Blank Applications” link on the eGrants system Homepage. For those without access to the eGrants system, the blank copies of eGrants applications are also available on the FEMA internet: https://www.fema.gov/hazard-mitigation-grant-program/grant-applicants-blank-applications or from the HMA Helpline (see section H, the Additional Information below).

FEMA will only process applications received via the Mitigation eGrants system. Information, training and resources on the Mitigation eGrants system for Applicant and Subapplicant users are available on the FEMA website: http://www.fema.gov/mitigation-egrants-system-0.

For a hardcopy of the full NOFO, please write or fax a request to:
Michael Grimm
Assistant Administrator for Mitigation
Federal Insurance and Mitigation Administration
1800 S Bell Street
Arlington, VA 20472
FAX: (202) 646-2880

In addition, the following Telephone Device for the Deaf (TDD) and/or Federal Information Relay Service (FIRS) number available for this Notice is: 1-800-462-7585.
Content and Form of Application Submission

Applicants must submit a FMA grant application to FEMA via the Mitigation eGrants system on the internet: https://portal.fema.gov to be considered for FMA funding.

The required format for applications is in the Mitigation eGrants system:

- Mitigation planning activities must be submitted in a planning subgrant application;
- Mitigation project activities must be submitted in a project subgrant application;
- Applicant management costs (for Applicants only) must be submitted in a management costs subgrant application;
- FMA grant applications must be submitted in a FMA grant application for FY 2016.

Blank copies of applications that conform to the Mitigation eGrants system format are available for reference only. FEMA will not accept these as an application package. Using a blank application ensures that all of the necessary information is provided to the Grant Applicant for input into the eGrants External System. Subapplicants should contact their Applicant agency for information specific to their state/territory’s application process. Contact information for the SHMOs is provided on the following FEMA webpage: http://www.fema.gov/state-hazard-mitigation-officers.

If a Subapplicant does not use the eGrants system to submit planning and project subapplications to the Applicant, then the Applicant must enter the subapplication(s) into the eGrants system on the Subapplicant’s behalf. To do this, Applicants can login to the eGrants system on the FEMA portal: https://portal.fema.gov and click the “Create new Paper Subgrant” link on the eGrants Homepage. Information, training and resources on the Mitigation eGrants system are available on the FEMA website: http://www.fema.gov/mitigation-egrants-system-0.

All Applicants, including Tribes, must create a FMA grant application, attach approved planning, project and management costs subgrant applications to the FMA grant application, and rank the subgrant applications before they can submit the FMA grant application to FEMA via the Mitigation eGrants system.

Wherever possible, supporting documentation for applications should be attached electronically in the Mitigation eGrants system. Over-sized items that cannot be scanned may be mailed to FEMA as necessary; however, Applicants must provide information regarding the paper attachments and the date mailed to FEMA in the eGrants system. Also, the documents must be postmarked by the submission deadline to be considered as part of the application. FEMA will acknowledge receipt of paper attachments. If Applicants do not receive acknowledgement that paper attachments were received by FEMA, then it is their responsibility to
follow-up with FEMA to ensure that the documents were received and are considered as part of the application.

The Mitigation eGrants system is programmed to not allow submittal of a FMA grant application after the submission deadline. Applicants who attempt to submit a FMA grant application after the deadline will receive an error message.

Applicants who submit FMA grant applications prior to the submission deadline will receive a confirmation message including the assigned application number in the eGrants system (e.g., FMA-09-CA-2016). In addition, once FEMA receipts and delegates the FMA grant application, the eGrants system will send an automatic email message to the Point(s) of Contact (POC) identified in the grant application.

**National Environmental Policy Act Requirements for Mitigation Projects.** Applicants and Subapplicants applying for mitigation projects must provide information needed to comply with the National Environmental Policy Act (NEPA) (42 U.S.C. 4321-4370h). The required information is included in the project subgrant application in the eGrants system.

**Benefit Cost Analysis for Mitigation Projects.** Project subapplications must include a FEMA-approved benefit-cost analysis (BCA) or other documentation to demonstrate cost-effectiveness. Planning and management costs subapplications do not require a BCA. More detailed information is available in Part IV, I, Cost Effectiveness of the HMA Guidance available on the FEMA website at: [http://www.fema.gov/media-library/assets/documents/103279](http://www.fema.gov/media-library/assets/documents/103279).

**Statement of Assurances and Deed Restriction for Property Acquisition Projects.** Project subapplications for property acquisition must include the FEMA Statement of Assurances signed by the Subapplicant’s authorized agent to provide acknowledgement of, and agreement to, the requirements in the model Statement of Assurances. The model Statement of Assurances is available on the FEMA website at: [https://www.fema.gov/media-library/assets/documents/28695](https://www.fema.gov/media-library/assets/documents/28695).

The subapplication must include a sample of the deed restriction (not including property-specific details) that the Subapplicant intends to record with each property deed. The sample must be consistent with the FEMA Model Deed Restriction, which is available on the FEMA website at: [https://www.fema.gov/media-library/assets/documents/28496](https://www.fema.gov/media-library/assets/documents/28496).

**Application for Federal Assistance and Assurances and Certifications Forms.** Applicants must complete the following forms and attach them to their FMA grant application in the Mitigation eGrants system:

- Application for Federal Assistance (SF-424), OMB #4040-0004; and
- Assurances and Certifications:
o Assurances for Non Construction Programs (SF-424B), OMB #4040-0009, or Assurances for Construction Programs (SF-424D), OMB #4040-0007;

o Certifications Regarding Lobbying, Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements (FF 20-16C), OMB #1660-0025; and

o Disclosure of Lobbying Activities (SF-LLL), OMB #4040-0013 (if the Applicant has engaged in or intends to engage in lobbying activities).

The SF-424 family of forms and the SF-LLL form are available on the Grants.gov website: http://www.grants.gov/web/grants/forms/sf-424-family.html

The FEMA Form 20-16C, Certifications Regarding Lobbying, Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements is available from the FEMA library online at https://www.fema.gov/media-library/assets/documents/9754.

FEMA Forms 20-16A, Assurances – Non Construction Programs and 20-16B, Assurances - Construction Program may be used in lieu of the SF 424-B, Assurances for Non Construction Programs and SF 424-D, Assurances for Construction Programs, respectively. The FEMA Forms are available on the FEMA Forms webpage: https://www.fema.gov/forms.

Applicants may require their Subapplicants to complete and attach the grant application and/or Assurance and Certifications forms to their planning and project subgrant applications in the eGrants system. To turn on/off this requirement, Applicants can login to the eGrants system on the FEMA portal: https://portal.fema.gov and click the “Administration” link on the eGrants Homepage to set their Preferences to enable/disable the forms. Information, training and resources on the Mitigation eGrants system are available on the FEMA website: http://www.fema.gov/mitigation-egrants-system-0.

Subapplicants should contact their Applicant agency for information specific to their state/territory Applicant agency’s application process. Contact information for the SHMOs is provided on the following FEMA webpage: http://www.fema.gov/state-hazard-mitigation-officers.

**Unique Entity Identifier and System for Award Management (SAM)**

DHS is participating in the Grants.gov initiative that provides the grant community a single site to find grant funding opportunities. Before you can apply for a DHS grant, you must have a DUNS number, be registered in SAM, and be approved as an Authorized Organizational Representative (AOR).

**Applicants are encouraged to register early. The registration process can take four weeks or more to be completed. Therefore, registration should be**
done in sufficient time to ensure it does not impact your ability to meet required submission deadlines.

**DUNS number.** Instructions for obtaining a DUNS number can be found at the following website: [http://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html](http://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html). The DUNS number must be included in the data entry field labeled "Organizational DUNS" on the SF-424 family forms submitted as part of this application.

**Authorized Organizational Representative.** A key step in the registration process is creating a username and password for the FEMA Grants Portal [https://portal.fema.gov](https://portal.fema.gov). Applicants and Subapplicants must register the individual who is able to make legally binding commitments for the Applicant/Subapplicant organization as the AOR in addition to other organizational staff who will assist with creating and managing applications.

After registering on the FEMA Grants Portal, Applicants and Subapplicants will need to request access to the Mitigation eGrants system on the FEMA Portal. This is crucial because all applications and subapplications must be submitted via the Mitigation eGrants system on the FEMA Grants Portal.

An Access ID is required to request access to the Mitigation eGrants system. Applicants should contact their appropriate FEMA Regional Office, and Subapplicants should contact their Applicant agency to get the appropriate Access ID. Contact information for the FEMA Regional Offices is provided on the FEMA website: [https://www.fema.gov/about-agency](https://www.fema.gov/about-agency). Contact information for the SHMOs is provided on the following FEMA webpage: [http://www.fema.gov/state-hazard-mitigation-officers](http://www.fema.gov/state-hazard-mitigation-officers).

To read more detailed instructions for creating a profile on the FEMA Portal and registering for eGrants, see the job aid: “Registering for eGrants Accounts” on the FEMA web: [https://www.fema.gov/media-library/assets/documents/17425?id=3865](https://www.fema.gov/media-library/assets/documents/17425?id=3865).

**AOR Authorization.** After creating a profile on the FEMA Portal and registering for Mitigation eGrants system access, FEMA Regions review eGrants access requests from Applicants, and Applicants review eGrants access requests from their Subapplicants. Applicants should contact their appropriate FEMA Regional Office, and Subapplicants should contact their Applicant agency regarding the status of their registrations. Contact information for the FEMA Regional Offices is provided on the FEMA website:
Approved users will receive an email from the eGrants system that indicates what system privileges have been authorized. “Sign/Submit” privileges are given to the AOR. Other users may be given “Create/Edit” and/or “View/Print” privileges. Once access is approved, users can login to the Mitigation eGrants system to create and manage their applications online. Only AORs, individual who can make legally binding commitments for the Applicant/Subapplicant organization, who have “Sign/Submit” privileges will be able to submit applications in the Mitigation eGrants system.

**Applicants and Subapplicants are, therefore, encouraged to register on the FEMA Grants Portal and request access to the Mitigation eGrants system at the time of this announcement to ensure the ability to meet required submission deadlines. After you have been approved for access to the Mitigation eGrants system, you will be able to create applications online.**

**Electronic Signature.** Applications submitted through the Mitigation eGrants system constitute electronically signed applications. The registration and account creation for the AOR establishes the AOR for each Applicant/Subapplicant’s organization.

If you experience difficulties with the eGrants system, please contact the helpdesk by telephone: 1-855-228-3362 or email: MTeGrants@fema.dhs.gov.

The Federal awarding agency may not make a Federal award to an applicant until the Applicant has complied with all applicable DUNS and SAM requirements and, if an Applicant has not fully complied with the requirements by the time the Federal awarding agency is ready to make a Federal award, the Federal awarding agency may determine that the Applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another Applicant.

**Intergovernmental Review**

An intergovernmental review may be required. Applicants must contact their State’s Single Point of Contact (SPOC) to comply with the State’s process under Executive Order 12372 (see [http://www.fws.gov/policy/library/rgeo12372.pdf](http://www.fws.gov/policy/library/rgeo12372.pdf)). Name and addresses of the SPOCs are maintained at the Office of Management and Budget’s home page at [http://www.whitehouse.gov/omb/grants_spoc](http://www.whitehouse.gov/omb/grants_spoc) to ensure currency.

**Funding Restrictions**

Federal funds made available through this award may only be used for the purpose set forth in this award and must be consistent with the statutory authority for the award. Award funds may not be used for matching funds for any other
Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal government or any other government entity.

**Program Funding Restrictions.** The maximum Federal share for FMA subapplications is as follows:
- $50,000 for state flood hazard mitigation planning
- $25,000 for local flood hazard mitigation planning
- 5 percent of plan and project subapplications for Subapplicant management costs included in plan and project subapplications
- 10 percent of FMA grant application for Applicant management costs
- $50,000 for technical assistance for states that received at least $1 million in FMA awards in FY 2015

The Mitigation eGrants system will not allow subgrant applications in excess of these funding limits.

Allowable costs are:
- Training related costs
- Domestic travel costs
- Construction and renovation costs
- Equipment costs

Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Large equipment purchases must be identified and explained. For more information regarding property management standards for equipment, please reference 2 CFR Part 200, available on the internet: [http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl](http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl)

Unallowable costs are:
- Exercise related costs
- Operational Overtime costs

**Pre-Award Costs.** Pre-award costs directly related to developing the FMA application or subapplication incurred after the application period has opened but prior to the date of the grant award are allowed. Such costs may have been incurred, for example, to develop a Benefit Cost Analysis, to gather Environmental and Historic Preservation data, for preparing design specifications, or for workshops or meetings related to development and submission of applications and subapplications. Applicants and Subapplicants may identify pre-
award costs as their non-Federal cost share in the Cost Share section of the subapplication.

Costs associated with implementation of the submitted grant application or subapplication incurred prior to grant award are not allowed. Mitigation activities initiated or completed prior to award are not eligible.

Applicants and Subapplicants who are not awarded grants or subgrants (awards/subawards) will not receive reimbursement for the corresponding pre-award costs. More detailed information is provided in the HMA Guidance, Part IV, F.2, Pre-Award Costs, available on the FEMA website: http://www.fema.gov/media-library/assets/documents/103279.

**Management and Administration (M&A) Costs.** Management costs are any indirect costs and administrative expenses that are reasonably incurred in administering an award or sub-award. Applicant and Subapplicant management cost activities directly related to the implementation of the FMA program, such as subapplication development, geocoding mitigation projects, delivery of technical assistance, managing awards and staff salary costs are eligible for FMA funding in accordance with the HMA Guidance available on the FEMA website: http://www.fema.gov/media-library/assets/documents/103279.

Applicants may apply for up to 10 percent of the FMA grant application for Applicant management costs. Applicant requests for management costs must be submitted in a management costs subgrant application in the eGrants system (see the Content and Form of Application Submission subsection).

Subapplicants may apply for up to 5 percent of plan and project subapplications for Subapplicant management costs. Subapplicant management costs must be included as part of the Subapplicant’s planning or project subapplication in the Mitigation eGrants system.

Management costs are only awarded in conjunction with awarded project or planning subapplications. Applicants and Subapplicants who do not receive any awards/subawards for any planning or project subapplications will not receive reimbursement for management costs (see Review and Selection Process in Section E).

**Indirect Facilities & Administrative (F&A) Costs.** Indirect costs are allowable under this program as described in 2 CFR § 200.414. With the exception of Recipients who have never received a negotiated indirect cost rate as described in 2 CFR § 200.414(f), Recipients must have an approved indirect cost rate agreement with their cognizant Federal agency to charge indirect costs to this award. A copy of the approved rate (a fully executed, agreement negotiated with the applicant’s cognizant federal agency) is required at the time of application and must be provided to FEMA before indirect costs are charged to the award.
Other Submission Requirements

Environmental Planning and Historic Preservation (EHP) Compliance
Applicants and Subapplicants proposing projects that have the potential to impact the environment, including but not limited to modification or renovation of existing buildings, structures and facilities, or new construction including replacement of facilities, must participate in the FEMA EHP review process. The EHP review process involves the submission of a detailed project description that explains the goals and objectives of the proposed project along with supporting documentation so that FEMA may determine whether the proposed project has the potential to adversely impact environmental resources and/or historic properties.

E. Application Review Information

Application Evaluation Criteria
Prior to making a Federal award, the Federal awarding agency is required by 31 U.S.C. 3321 and 41 U.S.C. 2313 to review information available through any OMB-designated repositories of governmentwide eligibility qualification or financial integrity information. Therefore application evaluation criteria may include the following risk based considerations of the applicant: (1) financial stability; (2) quality of management systems and ability to meet management standards; (3) history of performance in managing federal award; (4) reports and findings from audits; and (5) ability to effectively implement statutory, regulatory, or other requirements.

FEMA will select planning subapplications up to $100,000 Federal share per Applicant with a maximum of $50,000 Federal share for State mitigation plan updates and $25,000 Federal share for local mitigation plans. FEMA may reduce the Federal share of any planning subapplication that exceeds the regulatory maximums.

Technical assistance subapplications up to $50,000 Federal share will be selected for Applicants who received FMA awards totaling at least $1 million Federal share in FY 2015. FEMA may reduce the Federal share of any technical assistance subapplication that exceeds the regulatory maximums.

Cost sharing will not be considered in the review process.

Review and Selection Process
FEMA will review the planning and project subapplications plus one management cost subapplication submitted by each Applicant to ensure compliance with the HMA Guidance, including eligibility of the Applicant and Subapplicant; eligibility of proposed activities and costs; completeness of the subapplication; cost effectiveness and engineering feasibility of mitigation projects; and eligibility and availability of non-Federal cost share. For more detailed information, see the HMA Guidance, Part VI, Application Review Information, available on the FEMA website: http://www.fema.gov/media-library/assets/documents/103279.
FEMA will select eligible planning subapplications up to $100,000 Federal share per Applicant with a maximum of $50,000 Federal share for State mitigation plan updates and $25,000 Federal share for local mitigation plans. FEMA may reduce the Federal share of any planning subapplication that exceeds the regulatory maximums.

FEMA will select eligible technical assistance subapplications up to $50,000 Federal share for Applicants who received FMA awards totaling at least $1 million Federal share in FY 2015.

FEMA will select eligible project subapplications on a competitive basis up to the amount of funding in order of the agency’s priorities for the FY 2016 FMA Grant Program:

1. Projects that will mitigate flood damage to at least 50 percent of structures included in the subapplication for which at least two separate NFIP claim payments have been made with the cumulative amount of such claims exceeding the market value of the insured structure
2. Projects that will mitigate flood damage to at least 50 percent of FMA RL structures included in the subapplication
3. Projects that will mitigate flood damage to at least 50 percent of structures included in the subapplication for which four or more separate NFIP claims payments have been made with the amount of each claim exceeding $5,000, and with the cumulative amount of claims payments exceeding $20,000
4. Projects that will mitigate flood damage for the largest number of NFIP-insured properties at the neighborhood level

For competitive project subapplications in priority categories 1 through 3 above, FEMA will further prioritize as follows:
- The highest percentage of structures included in the subapplication that meet the definition from 100 to 50 percent;
- The largest number of structures included in the subapplication that meet the definition; and
- FEMA-validated Benefit-Cost Ratio (BCR).

For project subapplications in priority category 4, FEMA will further prioritize as needed by the highest FEMA-validated BCR.

If a project subapplication includes structures that meet the definition in more than one of the priority categories, then the project will be considered under each of those priority categories, and the structures that meet the definition of each priority category will be counted for that category.
For example, a project with structures that meet the definition in priority category 1 is not selected for priority 1 because less than 50 percent of the structures included in the subapplication meet that definition. However, the project also contains structures that meet the definition in priority category 2. So the project is considered for priority 2, and the percentage of structures included in the subapplication that meet the definition in priority category 2 is used to determine whether it is selected.

FEMA may select a subapplication out of priority order based upon one or more of the following factors:

- Availability of funding;
- Balance/distribution of funds geographically or by type of recipient;
- Duplication of subapplications;
- Program priorities and policy factors; and,
- Other pertinent information.

FEMA will select management costs subapplications for Applicants with selected planning/project subapplications on a case by case basis not to exceed 10 percent of the awarded planning/project subapplications or the amount requested, whichever is less.

Selected subapplications are given a status of Identified for Further Review. Eligible subapplications that are not Identified for Further Review due to funding limitations will be given a status of Not Selected. Planning and project subapplications that do not satisfy the eligibility and completeness requirements will be given a status of Did Not Meet HMA Requirements.

At its discretion, FEMA may review a decision regarding a planning or project subapplication that Did Not Meet HMA Requirements only where there is an indication of material, technical, or procedural error that may have influenced FEMA’s decision. There will be no reconsideration regarding the amount of planning subapplications, Applicant management costs or technical assistance costs. For more detailed information on the selection process, see Part V, B of the HMA Guidance available on the FEMA website: [http://www.fema.gov/hazard-mitigation-assistance](http://www.fema.gov/hazard-mitigation-assistance).

Prior to making an award, FEMA will evaluate a pass-through entity to determine the level of risk when there is a history of failure to comply with general or specific terms and conditions of a Federal award or failure to meet the expected performance goals. If FEMA determines that a Federal award will be made, special conditions that correspond to the degree of risk assessed may be applied to the award, as specified in the HMA Guidance, Part VI, B, available on the internet at [http://www.fema.gov/media-library/assets/documents/103279](http://www.fema.gov/media-library/assets/documents/103279).
If the anticipated Federal award amount will be greater than the simplified acquisition threshold, currently $150,000 (see 2 CFR §200.88):

i. Prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, DHS is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS).

ii. An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM.

iii. DHS will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant’s integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 CFR §200.205 Federal awarding agency review of risk posed by applicants.

**Anticipated Announcement and Federal Award Dates**

FEMA anticipates announcing the status of applications by the Funding Selection Date of 08/30/2016.

FEMA will post the status of the planning and project subapplications on the FEMA website:  [http://www.fema.gov/hazard-mitigation-assistance](http://www.fema.gov/hazard-mitigation-assistance) and alert FMA webpage subscribers when the results of the review are published. For information on how to sign up for a FEMA webpage subscription, visit [https://www.fema.gov/subscribe-receive-free-email-updates](https://www.fema.gov/subscribe-receive-free-email-updates).

Applicants with planning/project subapplications that are Identified for Further Review will receive notification through the Mitigation eGrants system via an automatic e-mail to the point(s) of contact designated in their FMA grant application.

**F. Federal Award Administration Information**

**Notice of Award**

FEMA will provide the Federal award package to the Applicant electronically via the Mitigation eGrants system. Award packages include an award letter, Obligating Document for Awards/Amendments, and Articles of Agreement, including EHP and/or other conditions. An email notification of the award package will be sent through the eGrants system to the Applicant point(s) of contact designated in the FMA grant application. See 2 CFR § 200.210, Information contained in a Federal award: [http://www.gpo.gov/fdsys/granule/CFR-2014-title2-vol1/CFR-2014-title2-vol1-sec200-210](http://www.gpo.gov/fdsys/granule/CFR-2014-title2-vol1/CFR-2014-title2-vol1-sec200-210).
When FEMA obligates funds for a grant to an Applicant, the Applicant and Subapplicant are denoted as Recipient and Subrecipient, respectively. The Recipient and Subrecipient agree to abide by the grant award terms and conditions as set forth in the Articles of Agreement provided in the award package. Recipients must accept all conditions in this NOFO as well as any Special Terms and Conditions.

For detailed information, see the HMA Guidance, Part VI, A on the FEMA website: http://www.fema.gov/media-library/assets/documents/103279.

**Administrative and National Policy Requirements**

All successful applicants for all DHS grant and cooperative agreements are required to comply with DHS Standard Administrative Terms and Conditions, which are available online at: [DHS Standard Terms and Conditions](http://www.fema.gov/media-library/assets/documents/103279).

The applicable DHS Standard Administrative Terms and Conditions will be those in effect at the time in which the award was made.

The AOR should carefully read the award package for instructions on administering the grant award and the terms and conditions associated with responsibilities under Federal Awards. Recipients must accept all conditions in this NOFO as well as any Special Terms and Conditions in the Notice of Award to receive an award under this program.

**Mitigation Plan Requirement.** All Applicants and Subapplicants must have a FEMA approved Mitigation Plan at the award date to receive a project award under this program in accordance with Title 44 CFR Part 201. More detailed information is provided Part III, E.5, Hazard Mitigation Plan Requirement, of the HMA Guidance available on the internet at [http://www.fema.gov/media-library/assets/documents/103279](http://www.fema.gov/media-library/assets/documents/103279).

**Environmental Planning and Historic Preservation (EHP) Compliance.** As a Federal agency, FEMA is required to consider the effects of its actions on the environment and/or historic properties to ensure that all activities and programs funded by the agency, including grants-funded projects, comply with Federal EHP regulations, laws and Executive Orders as applicable. In some cases, FEMA is also required to consult with other regulatory agencies and the public in order to complete the review process. The EHP review process must be completed before funds are released to carry out the proposed project. FEMA will not fund projects that are initiated without the required EHP review.

**Construction Project Requirements.** Acceptance of Federal funding requires FEMA, the Recipient and any Subrecipients to comply with all Federal, state and local laws prior to the start of any construction activity. Failure to obtain all appropriate Federal, state and local environmental permits and clearances may jeopardize Federal funding.
1. Any change to the approved scope of work will require re-evaluation by FEMA for Recipient and Subrecipient compliance with the National Environmental Policy Act and other laws and Executive Orders.

2. If ground disturbing activities occur during construction, the Recipient and any Subrecipients must ensure monitoring of ground disturbance, and if any potential archeological resources are discovered, the Subrecipient will immediately cease construction in that area and notify the Recipient and FEMA.

**Acquisition Project Requirements.** The Subrecipient must provide FEMA with a signed copy of the Statement of Voluntary Participation for each property post-award. The Statement of Voluntary Participation formally documents the Notice of Voluntary Interest and information related to the purchase offer. The Statement of Voluntary Participation is available on the FEMA website at [https://www.fema.gov/media-library/assets/documents/13708](https://www.fema.gov/media-library/assets/documents/13708).

Subrecipients must apply deed-restriction language to all acquired properties to ensure that the property is maintained in perpetuity as open space consistent with natural floodplain functions, as agreed to by accepting FEMA mitigation award funding. Deed-restriction language is applied to acquired properties by recording the open space and deed restrictions. The FEMA Model Deed Restriction is available on the FEMA website at [https://www.fema.gov/media-library/assets/documents/28496](https://www.fema.gov/media-library/assets/documents/28496).

**Reporting**

Recipients are required to submit financial and programmatic reports as a condition of their award acceptance throughout the period of performance, including partial calendar quarters, as well as for periods where no grant award activity occurs. Future awards and fund drawdowns may be withheld if these reports are delinquent, demonstrate lack of progress, or are insufficient in detail.

The following reporting periods and due dates apply:

<table>
<thead>
<tr>
<th>Reporting Period</th>
<th>Report Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 1 – December 31</td>
<td>January 30</td>
</tr>
<tr>
<td>January 1 – March 31</td>
<td>April 30</td>
</tr>
<tr>
<td>April 1 – June 30</td>
<td>July 30</td>
</tr>
<tr>
<td>July 1 – September 30</td>
<td>October 30</td>
</tr>
</tbody>
</table>

Recipients must submit the SF-425, FFR using the Payment and Reporting System (PARS). Additional information on PARS can be obtained at https://isource.fema.gov/sf269/execute/LogIn?awSContentMessage=true.

Recipients must submit the SF-PPR using the Mitigation eGrants system.

**Close Out Reporting Requirements.** Within 90 days after the end of the period of performance, or after an amendment has been issued to close out a grant, whichever comes first, recipients must submit a final FFR and final progress report detailing all accomplishments and a qualitative summary of the impact of those accomplishments throughout the period of performance.

If applicable, an inventory of all construction projects that used funds from this program has to be reported using the Real Property Status Report (SF-429) available online at: http://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/sf-429.pdf.

After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR.

The recipient is responsible for returning any funds that have been drawn down but remain as unliquidated on recipient financial records.

**G. DHS Awarding Agency Contact Information**

**Contact and Resource Information**

**Program Questions.** General questions about the FMA program can be directed to the appropriate FEMA Regional Office or SHMO. Contact information for FEMA Regional Offices is provided at http://www.fema.gov/about-agency. Contact information for each SHMO is provided at http://www.fema.gov/state-hazard-mitigation-officers.

The HMA Helpline is available via telephone: 1-866-222-3580 or email: HMAGrantsHelpline@fema.dhs.gov.

**Financial and Administrative Questions.** FEMA Regional Assistance Officers manage, administer and conduct application budget review, create the award package, approve, amend and close out awards, as well as conduct cash analysis, financial monitoring, and audit resolution for this program. Contact the
appropriate FEMA Regional Office for additional information. Contact information for FEMA Regional Offices is provided at http://www.fema.gov/about-agency.

**Technical Assistance.** Upon request, FEMA will provide technical assistance. FEMA encourages Applicants and Subapplicants to seek technical assistance early in the application period by contacting their appropriate FEMA Regional Office. Contact information for FEMA Regional Offices is provided at http://www.fema.gov/about-agency.

For questions about Benefit-Cost Analysis, contact the BC Helpline via telephone: 1-855-540-6744 or email: BCHelpline@fema.dhs.gov.

The Feasibility and Effectiveness Helpline is available for guidance on FEMA Building Science publications via email: FEMA-BuildingScienceHelp@fema.dhs.gov.

A Helpline for guidance on FEMA Safe Room publications is available via email: Saferoom@fema.dhs.gov.

The Environmental & Historic Preservation Helpline is available via telephone: 1-866-222-3580 or email: ehhelpline@fema.dhs.gov.

**Mitigation eGrants System.** Information, training and resources on the Mitigation eGrants system for Applicant and Subapplicant users are available on the FEMA website: http://www.fema.gov/mitigation-egrants-system-0. The eGrants Helpdesk can be reached via telephone: 1-855-228-3362 or email: MTeGrants@fema.dhs.gov.

**H. Additional Information**

**Extensions**

Extensions to this program are allowed.

Recipients must submit proposed extension requests to FEMA for review and approval at least 60 days prior to the expiration of the grant period of performance.

Extensions to the initial period of performance identified in the award will be considered only through formal, written requests to the Recipient’s respective Region and must contain specific and compelling justification as to why an extension is required. Recipients are advised to coordinate with the Region as needed when preparing an extension.

All extension requests must address the following:
1. Grant Program, Fiscal Year, and award number;
2. Reason for delay – this must include details of the legal, policy, or operational challenges being experienced that prevent the final outlay of awarded funds by the applicable deadline;
3. Current status of the activity/activities;
4. Approved period of performance termination date and new project completion date;
5. Amount of funds drawn down to date;
6. Remaining available funds, both Federal and non-Federal;
7. Budget outlining how remaining Federal and non-Federal funds will be expended;
8. Plan for completion including milestones and timeframes for achieving each milestone and the position/person responsible for implementing the plan for completion; and
9. Certification that the activity/activities will be completed within the extended period of performance without any modification to the original Statement of Work approved by FEMA.

Requests for extensions to a grant period of performance will be evaluated by FEMA but will not be approved automatically. The Regional Administrator can extend the period of performance for up to twelve months with justification. All requests to extend the grant period of performance beyond twelve months from the original grant termination date must be approved by FEMA Headquarters.

Other

Related HMA Programs

Hazard Mitigation Grant Program. The Hazard Mitigation Grant Program (HMGP) is authorized by Section 404 of the Stafford Act, 42 U.S.C. 5170c. The key purpose of HMGP is to ensure that the opportunity to take critical mitigation measures to reduce the risk of loss of life and property from future disasters is not lost during the reconstruction process following a disaster. HMGP funding is available, when authorized under a Presidential major disaster declaration, in the areas of the State requested by the Governor. Indian Tribal governments may also submit a request for a major disaster declaration within their impacted areas.

The amount of HMGP funding available to the Applicant is based on the estimated total of Federal assistance, subject to the sliding scale formula outlined in 44 CFR § 206.432(b) that FEMA provides for disaster recovery under the Presidential major disaster declaration. The formula provides for up to 15 percent of the first $2 billion of estimated aggregate amounts of disaster assistance, up to 10 percent for amounts between $2 billion and $10 billion, and up to 7.5 percent for amounts between $10 billion and $35.333 billion. For States with enhanced plans, the eligible assistance is up to 20 percent for estimated aggregate amounts of disaster assistance not to exceed $35.333 billion. Local governments are considered Subapplicants and must apply to their Applicant State/territory.

Pre-Disaster Mitigation. The Pre-Disaster Mitigation (PDM) program, authorized by the Stafford Act, 42 U.S.C. 5133, is designed to assist States, U.S Territories, Native American Tribal governments, and local communities to implement a sustained pre-disaster natural hazard mitigation program to reduce overall risk to the population and structures from future hazard events, while also reducing reliance on Federal funding in future disasters. Congressional appropriations provide the funding for PDM. The total amount of funds
distributed for PDM is determined once the appropriation is provided for a given Fiscal Year. It can be used for mitigation project and planning activities.

Further information regarding these programs is available in the HMA Guidance on the FEMA website: http://www.fema.gov/media-library/assets/documents/103279.

Payment
FEMA utilizes PARS for financial reporting, invoicing and tracking payments. Additional information on PARS can be obtained at https://isource.fema.gov/sf269/execute/LogIn?sawContentMessage=true.

FEMA uses the Direct Deposit/Electronic Funds Transfer (DD/EFT) method of payment to Recipients. To enroll in the DD/EFT, the Recipient must complete a SF-1199A, Direct Deposit Form.

Conflict of Interest
To eliminate and reduce the impact of conflicts of interest in the subaward process, Recipients and pass-through entities must follow their own policies and procedures regarding the elimination or reduction of conflicts of interest when making subawards. Recipients and pass-through entities are also required to follow any applicable State, local, or tribal statutes or regulations governing conflicts of interest in the making of subawards.

The Recipient or pass-through entity must disclose to FEMA, in writing, any real or potential conflict of interest as defined by the Federal, state, local, or tribal statutes or regulations or their own existing policies that may arise during the administration of the federal award. Recipients and pass-through entities must disclose any real or potential conflicts to the FEMA Program Analyst within five days of learning of the conflict of interest. Similarly, Subrecipients must disclose any real or potential conflict of interest to the pass-through entity as required by the Recipient’s conflict of interest policies, or any applicable State, local, or tribal statutes or regulations.

Conflicts of interest may arise during the process of FEMA making a Federal award in situations where an employee, officer, or agent, any members of his or her immediate family, or his or her partner has a close personal relationship, a business relationship, or a professional relationship, with an Applicant, Subapplicant, Recipient, Subrecipient, or FEMA employee.
