Be it enacted by the Legislature of West Virginia:

That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new section, designated §15-5-28, to read as follows:

(a) The Legislature hereby finds that emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential for the protection of lives and property and for the best use of available assets, both public and private. The purpose of this section is to create a system of intrastate mutual aid between participating political subdivisions in the state. The system shall provide for mutual assistance among the participating political subdivisions in the prevention of, response to and recovery from any disaster that results in a formal state of emergency in a participating political subdivision, subject to that participating political subdivision's criteria for declaration. The system shall provide for mutual cooperation among the participating subdivisions in conducting disaster-related exercises, testing or other training activities outside actual declared emergency periods. This section provides no immunity, rights or privileges for any individual responding to a state of emergency that is not requested or authorized to respond by a participating political subdivision. Participating political subdivisions will be ensured, to the fullest extent possible, eligibility for state and federal disaster funding.

(b) The Statewide Intrastate Mutual Aid Committee is hereby created. The committee shall consist of eleven members from various different public safety entities and other governmental entities who shall be appointed by the Governor. The Director of the
Division of Homeland Security and Emergency Management, or his or her designee, shall chair the committee. This committee shall be multidisciplinary and representative of emergency management and response disciplines as well as local government. It shall be the committee's responsibility to hold, at a minimum, annual meetings to review the progress and status of statewide mutual aid, assist in developing methods to track and evaluate activation of the system and to examine issues facing participating political subdivisions regarding the implementation of this legislation. The committee may prepare an annual report on the condition and effectiveness of mutual aid in the state, make recommendations for correcting any deficiencies and submit that report to the appropriate legislative committee or other governing body. Members of the committee shall serve a maximum two-year term.

(c) Upon the enactment of this legislation, all political subdivisions within the state are members of the statewide mutual aid system: Provided, That a political subdivision within the state may elect not to participate or to withdraw from the system upon the enactment of an appropriate resolution by its governing body declaring that it elects not to participate in the statewide mutual aid system. A copy of any such resolution shall be provided to the Division of Homeland Security and Emergency Management.

(d) This section does not preclude participating political subdivisions from entering into supplementary agreements with another political subdivision and does not affect any other agreement to which a political subdivision may currently be a party.
(e) "Emergency responder", as used in this article, shall mean anyone with special skills, qualifications, training, knowledge and experience in the public or private sectors that would be beneficial to a participating political subdivision in response to a locally declared emergency as defined in any applicable law or ordinance or authorized drill or exercises; and who is requested and authorized to respond. Under this definition, an emergency responder may be required to possess a license, certificate, permit or other official recognition for his or her expertise in a particular field or area of knowledge. An emergency responder could include, but is in no way limited to, the following: Law-enforcement officers, firefighters, emergency medical services personnel, physicians, nurses, other public health personnel, emergency management personnel, public works personnel, local emergency debris removal teams, those persons with specialized equipment operations skills or training or any other skills needed to provide aid in a declared emergency.

(g) A participating political subdivision may request assistance of other participating political subdivisions in preventing, mitigating, responding to and recovering from disasters that result in locally declared emergencies or in concert with authorized drills or exercises as allowed under this section. Requests for assistance shall be made to the Division of Homeland Security and Emergency Management through the designated county emergency management director by the chief executive officer of a participating political subdivision, or his or her designee for response. Requests may be verbal or in writing. Verbal requests will be followed up with a written request as soon as is practical or such number of days as the state, in its discretion, may dictate.

(h) The obligation of a participating political subdivision to provide assistance in the prevention of, response to and recovery from a locally declared emergency or in authorized drills or exercises is subject to the following conditions:

(1) A participating political subdivision requesting
assistance must have either declared a state of emergency in the
manner outlined in this section or authorized drills and exercises;
(2) A responding participating political subdivision may
withhold resources to the extent necessary to provide reasonable
protection and services for its own jurisdiction;
(3) Emergency response personnel of a responding participating

the participating political subdivision receiving the assistance
may prescribe by executive order or otherwise.

(j) (1) Any requesting political subdivision shall reimburse
the participating political subdivision rendering aid under this
system and in accordance with procedures developed by the Statewide
Intrastate Mutual Aid Committee, provided the request for aid is
authorized by the Division of Homeland Security and Emergency
Management. A participating political subdivision providing
assistance may determine to donate assets of any kind to a
receiving participating political subdivision. Requests for
reimbursement shall be in accordance with procedures developed by
the Statewide Intrastate Mutual Aid Committee.

(2) Should a dispute arise between parties to the system
regarding reimbursement, involved parties will make every effort to
resolve the dispute within thirty days of written notice of the
dispute by the party asserting noncompliance. In the event that the

13 hereby to be governmental functions. For the purposes of liability,
14 all persons responding under the operational control of the
15 requesting political subdivision are deemed to be employees of the
16 requesting participating political subdivision.
17 (n) Whenever the law-enforcement officials of any political
18 subdivision are rendering outside aid pursuant their lawful
19 authority, and with the approval of the Director of the West
20 Virginia Division of Homeland Security and Emergency Management,
21 and under the authority of a state of emergency as officially
22 proclaimed by the Governor, such law-enforcement officials shall
23 have the same authority, powers, duties, rights, privileges and
24 immunities as if they were performing their law-enforcement duties
25 in the political subdivisions in which they are normally employed.
26 The authority vested in the law-enforcement official, in accordance
with this section, shall vest upon reporting in person to the Emergency Management Agency official in charge and on duty at the county or city of destination assignment.
