Introduction

Message from Jimmy Gianato, West Virginia State Emergency Response Commission Chairperson

It is a pleasure for me as the Chairman of the West Virginia Emergency Response Commission and as the Director of Homeland Security and Emergency Management to bring you the 2016 SERC LEPC Grant Application Guide.

The State Emergency Response Commission continues to look for better and more efficient ways to implement the requirements of the Emergency Planning and Community Right to Know Act (EPCRA) and to mitigate the effects of a release or spill of hazardous materials, as well as natural events. As we move forward, the SERC has begun utilizing USEPA's Tier2 Submit software program to allow for more efficient reporting of Tier II information as well as a simplified method of dissemination of that information to Local First Responders. We also can now accept payment for Tier II fees electronically, making reporting simpler and faster. We have done all of this and still maintain the security and integrity of the system.

The SERC awarded more than two hundred and sixty thousand dollars (\$230,000) in HMEP and SERC grants to local governments 2015 in the continuing effort to enhance their local capabilities to respond and mitigate emergency incidents. As we progress through 2016 and beyond, we continue in our efforts to be better prepared to assist local agencies in their response to emergency situations and provide them the necessary tools to complete their planning, training and exercise efforts.

Thank you for your service to your local community and your commitment to the planning and safety of the citizens that you continue to serve.

Sincerely,

Jimmy J. Gianato

MEMORANDUM

TO: LEPC Chairpersons
FROM: James J. Gianato, Chairperson
SUBJECT: 2016 Supplemental LEPC Grant

The WV State Emergency Response Commission (SERC) established the Local Emergency Planning Committee (LEPC) grant program utilizing Tier Two fees beginning in 1995.

This year's LEPC grants will be **\$1000.00** for single LEPCs or **\$2000.00** for a dual LEPC. The LEPC Grant must be applied for by **30 June 2016 and completed by 1 March 2017.**

LEPCs that do not expend their grant funds by 1 March 2017, and report expenditures appropriately, must return their final grant reimbursement.

Reports of expenditures must meet appropriate fiduciary requirements. Local accounting and auditing procedures must be followed where specifically required. A final close-out report should be sent to the SERC and must indicate expenditures and contain copies of receipts. Grants must be submitted in appropriate format and must be stated in terms of measurable progress, discussing expected objectives and expected accomplishments.

The SERC may suspend disbursement of grants or require reimbursement of funds if the grantee fails to meet eligibility requirements or to meet stated grant goals and objectives.

Under the Emergency Planning and Community Right-to-Know Act (EPCRA), LEPCs are required to: appoint a chairperson and establish rules by which the committee will function; establish procedures for receiving and processing requests for information from the public, including Tier II information; complete an emergency response plan and review such plan once a year, or more frequently as circumstance change in the community or at any facility; and evaluate the need for resources necessary to develop, implement, and exercise the emergency plan.

If you have questions or need assistance, please contact Melissa Cross at 304 558-5380 or Melissa.D.Cross@wv.gov or SERC@wv.gov
